

Orbis Fiber Optic DIN Rail box 6 SC DPX

Orbis Fiber Optic Din Rail box is developed for demanding fiber optic installations in e.g. industrial environment.

The box with 6 SC DPX ports is compact in size and easy to use. It has a robust design, reliable cable entries, cable bending radius protection and integrated fiber optic splice tray.

The Orbis Fiber Optic DIN Rail box can be used in different applications, where space is limited. It can be mounted on a wall or on a Din Rail. The color of the box is gray RAL 7035.
